```c
1: #include <stdio.h>
2: #include "deque.h"
3:
4: int main(int argc, char *argv[]) {
5:     joinL(20);
6:     joinL(200);
7:     printf("%d\n", size());
8:     printf("%d \n", leaveR());
9:     printf("%d\n", size());
10:     printf("%d \n", leaveR());
11:     printf("%d\n", size());
12:     return 0;
13: }
```
